4) **List all Full-time Job Vacancies Filled by Each Station in the Employment Unit.**

**Job Title**

**Recruitment Source Referring Hiree**

There were no jobs posted or filled during this reporting period.

5) **Total Number of Interviewees Referred:** None.

6) **Supplemental Recruitment Initiatives**

(a) **Initiative:** Station personnel training

Gleiser Communications, LLC ("Gleiser") and ATW Media, LLC ("ATW") provide regular training to its employees based on the job description and department of the employee. On a continuing basis, technical operators were trained using a company-produced manual *"Radio Station Operator Handbook & Certification Course."* Salespersons receive training from online and software-based training courses that are specific to radio station and broadcast selling. The company holds regular interdepartmental meetings in which regulatory, financial, community service and news coverage ethics are discussed.

(b) **Initiative:** Internship Program

The COVID-19 pandemic had a profound effect on colleges. Area college presidents expressed to the company their desire to return the campus experience to a state of pre-COVID "normal" as quickly as possible. Toward that end, in September 2020, the company notified Tyler Junior College, Texas College, Kilgore College and the University of Texas at Tyler that internships will be available for the fall academic semester of 2020. This was repeated for the spring academic semester of 2021. The notification set forth the areas of work and training that would be available as well as the requisite qualifications for a student to be considered.

(c) **Initiative:** Texas Broadcasters Education Foundation

One of the critical problems facing radio broadcasters is the shortage of people seeking employment in the field. The Texas Broadcasters Education Foundation (TBEF) provides scholarships to young men and women who have expressed an interest in entering the broadcasting industry. The company made a cash contribution to TBEF to further the foundation's ability to fund scholarships and helped evaluate potential recipients.

**Stations KTBB-AM, KTBB-FM, KRWR-FM and KYZS-AM are Equal Opportunity Employers**

**(d) Initiative:** UT Tyler Career Conference

The University of Texas at Tyler holds an annual Career Conference at which local employers and invited to speak to students about industry career opportunities. The conference was impacted by the COVID pandemic and the in-person event was cancelled. In its place, local businesses were asked to make executives available to speak with students who are interested in pursuing careers in the respective industries of those executives. Company president Paul Gleiser, at the request of UT Tyler faculty, held two virtual meetings with two UT Tyler students in the fall of 2020 for the purpose of outlining and explaining potential career paths in the radio broadcasting industry.

**(e) Initiative:** Station personnel training

The Texas Association of Broadcasters (TAB) sponsors web-based seminars aimed at broadcast station personnel training and education. Areas covered include sales, newsroom practices, programming and technical education. The company makes TAB web training available to employees and makes time available for employees to attend during normal work hours.
